*Lining-Out & Specimen*  
**NURSERY STOCK**

**SPRING 1940**

**ESHAM'S NURSERIES**  
**FRANKFORD, DEL.**

**Spring 1940**

**Announcement to the Trade**

Prices in this List are for the Trade only, and are subject to stock being out when order is received. In no case will we be responsible for goods after consignment to purchaser and delivered to carrier.

A CLEAN BILL OF HEALTH from the State Entomologist accompanies all orders shipped. We guarantee everything to be true to name and will replace all that proves otherwise, or refund money for same; but in no case will we be responsible for a greater amount than originally paid.

**TERMS:** Cash, or satisfactory references. 5 percent discount for cash.

If you do not find listed herein stock you are interested in, write us. We may have it in small quantities. We make a charge for packing all trees, shrubs, barberry, etc. Small lining-out evergreens and perennials packed free.

*We Again Offer*  
**ROOTED CUTTINGS**  
**READY ABOUT JUNE 1ST**

Last season, for the first time, we offered an extensive list of rooted cuttings, with much fear as to the final results. We sold more than we expected to and are now convinced it is a practical proposition. While we had a few "kicks" they were much less than we expected. The success, we believe, was due a good bit to the following words of caution.

**Do Not Order Before Reading This**

You cannot treat most of these cuttings just any old way and get a stand. They will most usually die if you do. But, if you are willing to coddle them a little you should get a good stand. We will send you the same kind of stock we use and we most always get a perfect stand, hardly lose any. We have our ground in a good mellow condition, cover them with lath shade (that is plastering lath spaced about the width of a lath apart and raised about 15 to 18 inches above the ground) as soon as planted and kept from drying out by overhead irrigation. Any system of shading and watering will do, if it is properly attended to. If you will take care of the plants we will be glad to have your order but if you cannot do this we had rather you not send it to us. If they are not properly taken care of you will probably have a great loss and then every time you think of them you will think, "There's a bunch of stuff from Esham's that went bad." Rooted Cuttings are all right if handled right but they are no good if not. So, if you are not willing to take the responsibility do not send your order.

MEMORANDUM
